### SUNDAY WILL CONTINUE WORK

Has Announced Evangelistic Program for Coming Season.

Springfield, Aug. 2.—"Billy" Sunday, baseball evangelist, who is well known in this city and state, will not retire from his religious work, as reports circulated as coming from the evangelist, who is now in the west, seemed to indicate. The evangelist is now enjoying his vacation and in a letter to Charles U. Butler, who was a member of the Sunday party during their revival in this city, Mr. Sunday denies he has announced his intention of retiring. The letter to Mr. Butler contains the plans of the Sunday party for the

coming year, when several new assistants will join the party. The revival season will open about September 25, at New Castle, Pa., and will also visit Waterloo, Iowa; Lima, Ohio; Portsmouth, Ohio; and Fargo, N. D.

Mr. and Mrs. Butler and baby left last night for Montrose, Pa., where they will join the party of the Evangelist Torrey.

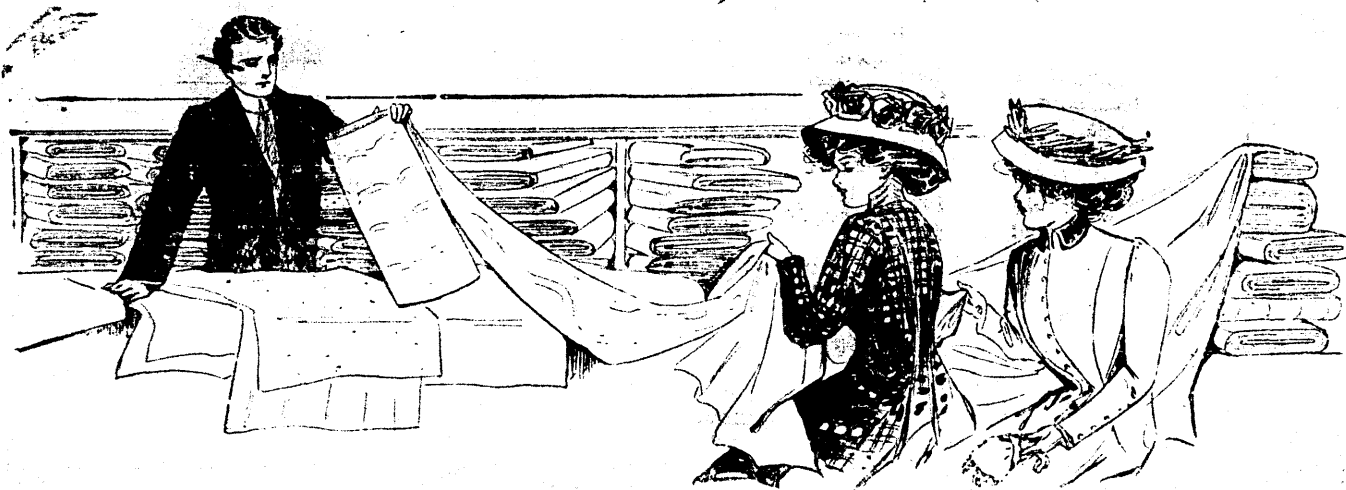

### FARM DRUDGERY

As proof that work on the farm is not the drudgery that it once was one need but to visit some of the farms of Morgan county and see the various labor saving devices in operation or to inspect the implements and attachments offered for sale in hardware and implement houses. Hall Bros. yesterday had in opera-

tion a one horse power gasoline engine operating a force pump, designed to do the service of a windmill. The idea is too, that the little engine can be moved about from place to place on the farm and made to perform all kinds of work. Gasoline engines are now being utilized by farmers to help out with the farm work in many ways. It was not so many years ago the riding cultivator made its appearance and that is but one of a hundred conveniences that have come into farm life with passing years. Each year sees new improvements and conveniences for the farm and the farm home and in these days the farmer has come to be the most envied citizen.

Attorney W. N. Hargrove was in Waverly yesterday on professional business.

## New Fall Dress Gingham Now Shown at this Store 10c, 12½c, 15c

Now is a good time to start buying your supply of fall dress gingham, whether for use for children's school dresses or for other purposes. The assortments are better than we have shown at any previous fall season. There is a splendid range of styles and colorings in plaids as well as all the staple small checks and stripes and plain colors; a new feature that you will notice is the large number of four and five color plaid combinations never before shown in gingham at these prices. Such well known brands as Toile du Nord, A-F-C Utility are featured which is a guarantee of their washing and wearing qualities.

### Women's Silk Finished Gause Lisle Hosiery, 25c

Another shipment of a few black silk finished gause lisle hosiery has just been opened. It is a very thin quality and compares favorably with higher priced goods. All sizes 8½, 9, 9½, 10.

### Women's 25c Gause Vests, 17c

We have several dozen of these vests which we have marked at this special price as we will no longer carry them in stock as we can no longer get them from the maker.

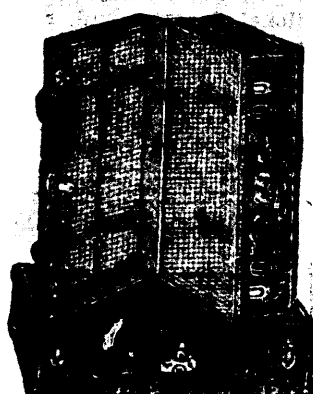

### 24-inch Suit Cases, \$1.00 and \$1.50

Such suit cases as these are seldom sold at price such as we ask. The styles are as illustrated and they are strongly waterproofed with a brown rubber cloth.

### 75c Water Sets, Opal Glass, 59c

The success with which our last special sale of these water sets met with has induced us to place them on sale again. Styles are similar to the illustration and there are several colors.

### STATE AUDITOR GIVES FIGURES

In Letter to Robert Montgomery Tells Cost of Operating State Institutions Under Board of Control.

J. S. McCullough, auditor of public accounts, in a recent letter to Robert E. L. Montgomery, gives some interesting facts relative to the cost of operating the state charitable institutions. The letter came in reply to an inquiry sent by Mr. Montgomery asking for the information with a view to finding out how the cost of management under the board of administration, thus far, compares with previous records. The letter follows:

Mr. Robert L. Montgomery,  
Jacksonville, Ill.

Dear Sir—Replying to your favor of the 28th instant I have to say that the records of this office show that during the period from Jan. 1, 1909, to July 1, 1909, there was paid to the 17 charitable institutions of the state by auditor's warrants on the state treasurer to the institutions the sum of \$1,210,375. The amount paid to the institutions by auditor's warrants on the state treasurer during the same period for special purposes was \$191,292.13. For the period from Jan. 1, 1910, to July 1, 1910, there has been paid on account of maintenance, on bills certified to this office by the board of administration the sum of \$1,116,511.65, and on account of special funds, on bills certified to this office by the board of administration, the sum of \$42,213.09, and on bills certified to this office by the board of administration on account of special appropriations for repairs, painting, etc., \$172,662.46.

For the three institutions at Jacksonville the payments were as follows:

From Jan. 1, 1910, to July 1, 1910, Jacksonville State hospital—Ordinary expenses, on bills certified by board of administration, \$94,953.57.

Special repairs, etc., on bills certified by board of administration, \$8,784.84.

School for the Deaf—Ordinary expenses, on bills certified by board of administration, \$61,931.20.

Special purposes, on bills certified by board of administration, \$2,374.21.

School for the Blind—Ordinary expenses, on bills certified by board of administration, \$25,439.20.

Special purposes, on bills certified by board of administration, \$1,162.36.

From Jan. 1, 1909, to July 1, 1909, Jacksonville State hospital—Ordinary expenses, to the institution, \$102,500.

Special purposes, to the institution, \$2,589.31.

School for the Blind—Ordinary expenses, to the institution, \$23,500.

Special purposes, to the institution, \$662.59.

School for the deaf—Ordinary expenses, to the institution, \$62,500.

Special purposes, to the institution, \$4,992.

Your inquiry does not indicate the purpose for which this statement is desired, but if for comparison it will hardly answer for that purpose in view of the fact that the payments for the period from Jan. 1 to July 1, 1909, were made direct to the institutions and the expenditures made by the institutions, and not paid upon bills certified by the board of administration to this office, and for the further reason that expenditures are made by the several institutions from special funds collected by each of the institutions that are not shown upon the records of this office. Since the new law took effect all the special funds collected by the various institutions are now paid into the state treasury and set apart as a special fund to be expended the same as other appropriations are expended, that is upon bills sworn to by the managers of the institutions and approved and certified by the board of administration to this office.

The payments made from Jan. 1, 1910, to July 1, 1910, do not fairly represent the expenditures during said period because of the fact that during the month of January, after the law took effect, a number of bills were certified to this office for payment which were incurred prior to Jan. 1, and in addition to this the expenses incurred during the month of June, the bills for which have not yet reached this office for payment.

Yours truly,  
J. S. McCullough,  
Auditor P. A.

## HERMAN'S Pre-Inventory Sale!

Semi-Annual Pre-Inventory Reductions Begin  
This Coming Week.

We are on the eve of our semi-annual stock taking and are bending every effort to force the sale of summer merchandise, aiming to bring stock down to the smallest possible limits. It is our policy not to carry goods from season to season and regardless of former reductions, without questioning the losses incurred, we scale prices to the lowest point of the season. See the show windows.

Immense assortments of stylish high grade merchandise are subject to the most radical reductions. Making this one of the most and in many respects the most interesting affair of the year. Quantities never offered a broader scope for selection and prices never reflected a wider margin of saving.

### CITY DIRECTORY HAS BEEN ISSUED

Publication Issued By R. E. Hackman Contains Full Information About Jacksonville.

A Jacksonville city directory for 1910 has just been issued by R. E. Hackman of Quincy. The publication is attractive and solidly bound and its 454 pages contain an abundance of useful information.

The first few pages are given over to advertising and following a street and avenue guide is a miscellaneous directory which gives the list of state, county and city officers, the different departments of the city, schools, colleges, lodges, and labor unions. Then follows a list of the residents of the city, alphabetically arranged, and a business directory. Aside from these features a complete directory of the city is given by streets, the exact location of the street being given immediately preceding the list of names. The names of residents just outside of the city are also given as is a complete directory of the eight rural routes out of the city.

### MATRIMONIAL

#### Woods-Stockbarger.

Harry M. Woods and Miss Ruby Stockbarger, both of Canton, were united in marriage Monday evening at 5 o'clock by Dr. J. C. Nate at his residence on North Church street. Both young people are highly respected. They stole away from their friends who were sure they knew of their plans. The groom is a graduate of Brown's business college of this city and now holds a responsible position as bookkeeper at Clinton. They left Jacksonville Tuesday afternoon for Canton.

### "FOLEY KIDNEY PILLS"

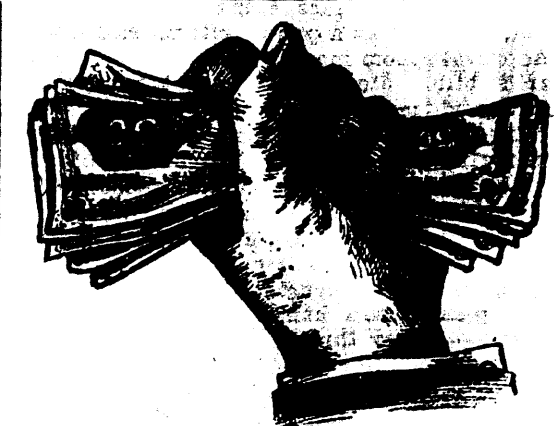

HAVE CURED ME." The above is a quotation from a letter written by H. M. Winkler, of Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition, was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." J. A. Obermeyer, City drug store.

## KANSAS PRIMARIES

General Election For All State Officers and Representatives in Congress.

Topeka, Kas., Aug. 2.—A general primary election of all parties is being held throughout Kansas today for the nomination of candidates for the State offices to be filled at the November election and for a delegation of eight representatives in Congress. On the Republican side the campaign has been the bitterest ever waged in this State. As in Iowa and other States of the middle west the fight is one between the progressive and standpat factions of the party. Among the chief leaders of the progressive faction are Senator Bristow and Congressman Victor Murdock. Senator Curtis is supporting the regulars.

The Republican fight centers in the nomination of a candidate for governor. Governor Stubbins, who has led the insurgent forces and caused six insurgent candidates to enter the race for Congress in the districts represented by the regulars, is a candidate for renomination. The regular candidate against him is Thomas E. Wagstaff, a young lawyer of Independence, who is demanding that the Republicans of the State who stand for President Taft and his national policies line up in his interests. Both candidates express confidence in the result of the primaries. Those in charge of Governor Stubbins' campaign claim his nomination by twenty thousand, while the Wagstaff leaders say their candidate will win by ten thousand.

As a result of the factional strife in the Republican ranks the Democrats believe they will make a better showing at the polls next November than ever before in the history of Kansas. Many of the party leaders are confident they will be able to elect not fewer than four Democratic congressmen and some of the more enthusiastic say they will not be surprised if their entire State and Congressional ticket is successful. The candidates for the Democratic gubernatorial nomination are Russell B. Harrison, of Seiden and State Senator George H. Hodges of Olathe with all the indications pointing to the success of the latter.

Both the Socialists and Prohibitionists will put complete State tickets in the field but will not contest this year for representatives in Congress. S. M. Stallard of Fort Scott, will be the Socialist candidate for governor and the Prohibitionists will choose William Cady of Kansas City, as their standard bearer.

Next to the governorship the congressional contests are attracting most attention. The insurgents are waging a fierce fight to prevent the return of the standpat representatives. James M. Miller of the Fourth district and William A. Calderhead of the Fifth, both of whom are allied with the regulars, have hard fights on their hands and the defeat of one or both for renomination would not be surprising. R. D. Anthony of the First District, Charles F. Scott of the Second, P. R. Campbell of the Third and William A. Reeder of the Sixth, have opposition in their own party for renomination but their chances for success are generally regarded as brighter than those of Miller and Calderhead. Victor Murdock, the insurgent leader, has no opposition for renomination in the Eighth district, and E. H. Madison of the Seventh, also an insurgent, is likewise assured of a nomination for another term.

The complete list of State officers for which nominations are to be made in the primaries is as follows: Two justices of the supreme court, governor, lieutenant governor, secretary of State, State auditor, State treasurer, attorney general, superintendent of public instruction, superintendent of insurance, State printer and railroad commissioners.

### NOTICE TO CONTRACTORS.

Bids will be received by the city council of the city of Jacksonville for delivering on the street, trenching and laying cast iron water pipes, as set forth in the following specifications, from Hockenhall street to the Widenham and Daub wells, approximately two thousand feet:

All bids shall be sealed and addressed to the city council of the city of Jacksonville and endorsed "Bids for Pipe Laying."

Each bid must be accompanied by a certified check in the sum of ten (10) per cent of the amount of the total bid.

Bids will be opened in regular session on the evening of Thursday, Aug. 4th, 1910, and may be left with the city clerk until 7:30 p. m. of said day, and not thereafter. The council reserves the right to reject any or all bids.

George W. Davis,

City Clerk.

### ON TRAIL OF CORRUPTION.

New York, Aug. 2.—The joint executive committee appointed to investigate charges of legislative corruption in New York State met at the Murray Hill Hotel in this city today to decide upon a tentative course of procedure. Assemblyman Edwin A. Merritt, chairman of the committee, presided at the meeting.

L. V. Baldwin was in Beardstown yesterday on business.

## Old Roman Barge Found In Thames River, London

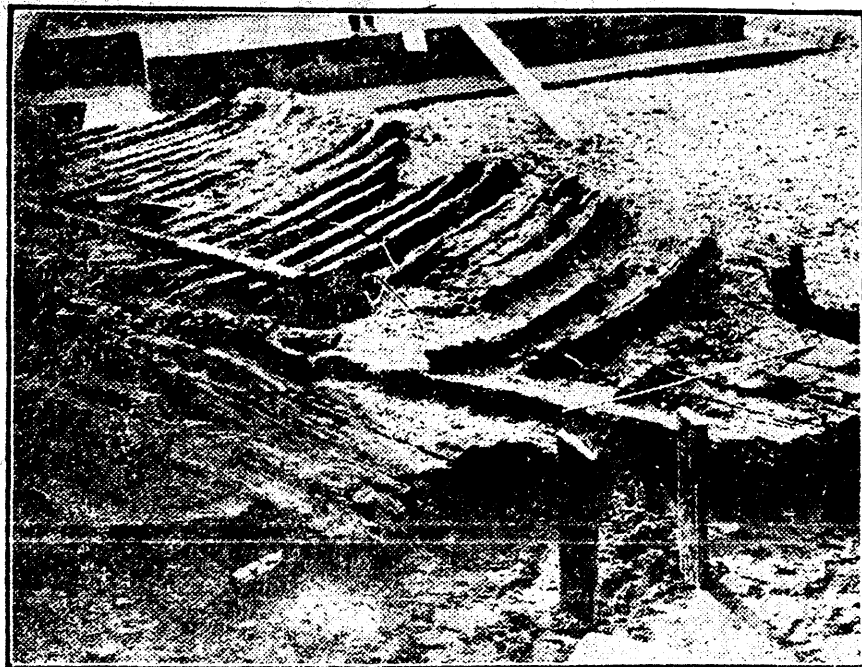

Photo by American Press Association.

In digging the foundations of the new county hall the London county council on the south bank of the Thames at Westminster has discovered a relic of Roman days, a long oak barge, pressed flat by the weight of Thames mud above it. When this barge sailed the Thames the river was a pellucid stream with a clean sandy bottom. The barge was cunningly contrived with a stout keel perhaps fifty feet long, side ribs set twelve inches apart and an inside beam measurement of sixteen feet to eighteen feet. It was clinker built, with two inch flanking boards and neatly rounded down pins holding everything together. Not a piece of metal went to its making. It was all fine oak. Its black ribs are bare to the sky, sodden with water and soft to the touch. The covered portion is still under three feet of compressed Thames mud, above which again are the concrete foundations of the old Crosse & Blackwell warehouse. So rotten are the black timbers, waterlogged for centuries, that preservation is almost out of the question. In the days when the boat sank the stream of the Thames probably took a course 100 yards to the southward of its present line.

### MEXICAN REVOLUTION

PROMOTORS.

Washington, D. C., Aug. 2.—Antonio L. Villareal, Liberato Riverado and Floreo Magon, the three alleged Mexican revolution promoters, will be released from the prison at Florence, Arizona, tomorrow upon the expiration of their terms of imprisonment for violation of the neutrality laws. The three may still be tried on indictments returned against them in western Texas, charging conspiracy to create a revolution and the procuring of arms and ammunition.

### KNIGHTS OF COLUMBUS

CONVENE IN QUEBEC.

Quebec, Aug. 2.—The annual convention of the supreme council of the Knights of Columbus was opened this morning with a procession of the delegates to the Basilica, where Bishop Roy officiated at pontifical high mass. The English sermon was delivered by Bishop Fallon of London, Ont., and the French sermon by Rev. Canon Gauthier of Montreal. At the conclusion of the church service the convention was formally opened in the Auditorium Theatre. Mayor Drouin delivered an address of welcome and Supreme Knight James J. Flaherty responded for the visitors. This afternoon the delegates were received at Spencerwood by Lieutenant Governor Sir C. P. Pelletier.

### MEETING OF OSTEOPATHS.

### POLITICS AND POLITICIANS

Gadsden, Ala., is soon to vote on the apportion of the commission form of government.

The Democratic State convention in Montana will be held in Livingston September 8.

Denver is already laying plans to secure the Democratic National convention in 1912.

The direct primary system in New Hampshire will be given its first trial next month.

The organization of a third political party is now being discussed in Colorado.

The candidacy of State Senator Joseph Frelinghuysen for the Republican nomination for governor of New Jersey has been formally launched.

Senator Gore of Oklahoma and Congressman Champ Clark of Missouri have been invited to speak in behalf of the Democratic candidates for Congress in Indiana.

The adoption of a system of direct primaries is being discussed in Maine and the question is likely to be made an issue in the coming state campaign.

Miss Ellis Meredith, Denver's recently elected election commissioner has just been made chairman of the commission, all the other members of which are men.

William J. Bryan has consented to make several speeches in Arkansas early next month in favor of amendment No. 10, providing for the initiative and referendum.

A spirited fight is on between Calob Powers and Congressman Don C. Edwards for the Republican congressional nomination in the Eleventh district of Kentucky.

Congressman Charles E. Townsend is engaged in a whirlwind campaign for the seat of United States Senator Julius C. Burrows, whose term will expire next March.

Adolph J. Schmitz, the Democratic choice for governor of Wisconsin, has been a prominent lawyer and an active politician in Milwaukee for many years. He is known as an opponent of "machine" politics.

The Republican National League, whose object is to "perpetuate the Roosevelt policies and principles," has been organized in Kansas City. It is said to be the plan of the promoters to extend the organization throughout the country.

Albert G. Spaulding, who has announced his candidacy for the Republican nomination for United States Senator from California, the primary for which will be held this month, was nationally known for many years as a base ball player and manager.

The prohibition question, which was practically the sole issue in the last election in Tennessee, has apparently been lost sight of in the campaign now on in that state. It is generally admitted that in the large cities little or no attempt has been made to enforce the State wide prohibition law, and the administration forces have openly declared that if they were victorious in the election this month steps will be taken to have the law repealed at the next session of the legislature.

THE HONEST PROPRIETARY MEDICINE

has saved thousands of dollars to families who could ill afford the expense necessary to maintain the services of a physician and have answered the purpose equally as well and often succeeded after our best physicians have failed. Lydia E. Pinkham's Vegetable Compound is one of this kind.

STRIPPING A CAR.

There was much interest Tuesday at Estaque's garage, in the preparations of a Model 10, 22 horse power Buick auto for entry in the races at New Berlin today. The entire body and top has been removed and a seat made for the driver, every superfluous part has been taken off, leaving only the chassis and it is predicted the machine will be able to make 60 miles an hour or better, driven by George Higgins, who, with David Estaque is interested in demonstrating the worth of the Buick, not only as a speedy machine but one of strength and safety for all purposes. It will add interest to the races at New Berlin today as many from here will attend to witness the test.

Bids will be received at the city hall, Meredosia, Ill., until 8 p. m. Aug. 15, 1910, for the construction of about 11,520 feet of cement walk.

Plans and specifications can be seen at any time at the office of city clerk. Each bid to be accompanied by certified check of 10 per cent of the total bid.

## Farms Right at Home

1371—80 acres and all plow cleared land, except 3 acres, at \$100 an acre; 2 sets of improvements; 5 miles each from Manchester and Murrayville; 8 miles from Roodhouse; 10 acres in corn, the remainder in grass.

1672—40 acres for \$2250; not improved and 5 miles north of Jacksonville; 20 acres of it is good bottom land for corn. Also 10 acres much nearer town and improved for \$2750.

1610—160 acres at \$150. An excellent farm, being half prairie and tiled, half cleared; neatly improved; near Woodson and Pisgah and not so far from Jacksonville.

1670—265 acres. A very desirable farm in Morgan county and near to one of the best towns and stations in this county. A most desirable farm and nearly all prairie. Easily seen and excellent neighborhood. About 15 miles of Jacksonville.

1669—300 acres and one of the best farms in Sangamon county. 12 miles of Springfield. Less than 3 miles of a good town and station. We are ready and willing to show this farm to any one as a good farm and of first quality. Most excellent settlement.

1668—38 acres at \$160. One of the best Hude farms in this country and all prairie except 5 acres. Within a mile and a quarter of 2 good towns on the Chicago & Alton road and both towns are good manufacturing places with good markets. A good farm for general farming and for poultry and gardening.

1667—36 acres and the most delightful and desirable small farm in Morgan county, or in any county as to quality of land and improvements.

1666—440 acres at \$160. No better prairie farm in this county. Thoroughly tiled. Fair improvements. Two miles south of Morgan county and 4 miles to 2 good stations.

Grain Letter.  
Chicago, Aug. 2.—Wheat—Continues to lose ground, the near months being the weakest. Foreign situation is heavy and the pressure of new wheat is burdensome. An important bearish factor was the Illinois grain dealer statement placing the state's crop at 45,000,000, against 31,000,000 last year. The pressure of new wheat is causing a good deal of commission liquidation and is likely to cause more. With a bearish foreign situation and the heavy movement lower prices seem practically certain.

Corn—General rains through Kansas have brought out a good deal of long stuff. If to morrow's report confirms those of to day a further decline can be expected. Local professionals are decidedly bullish and take readily to rumors of damage reports. Country offerings seem to fall off on all soft spots and it is not difficult to maintain prices. Crop advances from territory directly tributary to Chicago are favorable and while conditions remain the way we expect liberal sales on all hard spots.

Oats—Act heavy and seem to be headed for a lower level. Reports of yields are phenomenally large. Harvesting and threshing are making good progress and the heavy sales for August shipment will keep the movement burdensome. The Illinois grain dealers report place crop of state at 187,000,000, against 159,000,000 last year.

Provisions—The statement of provision stocks shows smaller total than was expected. Professional traders took some product under this influence. Packers were also fair buyers. While stocks are not heavy they are full sufficient at present prices.
